RE: Alabama Travel (July 6<sup>th</sup>)  
DATE: July 6, 2017

---

**Purpose:** Senator Luther Strange (R-AL) will host you at two locations in Alabama to tour a local power plant and farm to highlight recent actions taken on the Clean Power Plan and WOTUS. You and Senator Strange will deliver brief remarks at each location focusing on the benefits of withdrawing both rules. Alabama is an ideal location to visit given both locations close proximity to each other.

**Attire:** Dress shirt (no tie), blazer and slacks.

**Note:** Birmingham, Alabama is in the Central Time Zone

#### AGENDA

6:00AM EST- 7:41AM EST	FLY: <sup>Ex. 6 / 7(c)</sup> to ATL <b>Ex. 6 / 7(c)</b> <i>Record Locator: GI4ABH</i>
8:38AM EST- 8:30AM CST	FLY: ATL to BHM <b>Ex. 6 / 7(c)</b> <i>Record Locator: GI4ABH</i>  Drive time to Plant Gaston: 52 minutes
10:00AM CST- 11:30AM CST	Clean Power Plan Event Plant Gaston 31972 Highway 25 Wilsonville, AL  10:15am: Plant Manager gives the safety briefing, introduces SVP of Generation Jim Heilbron  10:20am: Remarks: (Open press) -Audience Size: 150 -Heilbron gives a brief welcome, introduces Sen. 8:15PM CST- 9:50 PM EST	<p>FLY: DTW to Ex. 6 / 7(c) Ex. 6 / 7(c) Record Locator: GI4ABH</p>

## **PLANT GASTON—CPP EVENT**

### **Plant Gaston**

#### **Background**

- Total of five generating units
- 1,975 MWs of capacity—enough energy to serve about 250,000 homes
- Approximately two million tons of coal and 6 MCF of natural gas burned annually.

#### **Environmental Enhancements**

- Invested \$900 million in the following environmental controls.
- Projected to spend an additional \$350 million on additional land and water controls.
- Site of the *National Carbon Capture Center*, a DOE-sponsored research facility that accelerates the commercialization of advanced technologies to enable fossil fuel-based power plans to achieve near-zero emissions.

## Workforce/Economic Impact

- 305 full-time employees (198 are part of the IBEW union).
- \$26 million annually in labor (including overtime)
- \$83 million annually in contract labor

## **Clean Power Plan Talking Points**

- Under the President Obama's Clean Power Plan, Alabama would have been required to hit a target reduction of 33%.
- On March 28, President Donald Trump signed the Executive Order on Energy Independence, which calls for a review of the Clean Power Plan.
- Subsequent to the President Trump's actions, I sent letters to state governors advising them that they are under no obligation to adhere to the Clean Power Plan rule.

## **Alabama Energy Snapshot**

- The electric power sector is the largest consumer of natural gas in Alabama, accounting for 63% of consumption in 2016.
- In 2016, the port of Mobile, Alabama, handled the second-largest tonnage of U.S. coal imports, as well as the third-largest tonnage of coal exports (mostly coking coal used in steelmaking).

**Alabama Energy Production Estimates, 2014**

### **BRENTWOOD FARMS—WOTUS EVENT**

#### **Brentwood Farms**

- A 625-acre farm that is owned and operated by Chip and Mistie Burkes
- The Burkes family has owned the property for approximately raise more than 350 head of Simmental and Sim-Angus cattle.

#### **Waters of the US Talking Points**

- We are taking significant action to return power to the states and provide regulatory certainty to our nation's farmers and businesses.
- This is the first step in the two-step process to redefine 'waters of the U.S.' and we are committed to moving through this re-evaluation to quickly provide regulatory certainty, in a way that is thoughtful, transparent and collaborative with other agencies and the public.

**Need to know participants:**

TO: Administrator Pruitt  
FROM: OCIR, OPA  
CC: Ryan Jackson  
RE: WOTUS Travel July 17-20  
DATE: July 17-18, 2017  
LOCATION: Salt Lake City, UT

**Note:** Salt Lake City, UT is in the Mountain Standard Time

**Notable about Utah:**

- 80% of Utah's developed water is used for agriculture, an industry that generates \$17.5 billion representing about 14% of the state's economy<sup>1</sup>
- The economic impact of farming in Utah is \$1.8B annually<sup>2</sup>

**Meeting with Principles to Discuss WOTUS, Gold King Mine**

**Who:** Governor Herbert, AG Reyes, and Senior Staff

**Topics:** Gold King Mine, WOTUS

**Gov. Herbert**

**Background:** Herbert is a former chair of the Western Governors Association (WGA) and the National Governors Association (NGA). He also served as Lt. Governor for 5 years. Utah's economic drivers include technology, petroleum, and coal. The federal government controls over 70% of the state. Drought conditions have led to state wide action under a governor issued executive order to increase water conservation practices. Herbert is seeking help from OMB to establish a 50-year water strategy. The state has invested over \$15 million in the Utah Water Restoration initiative and leveraged more than \$100 million in partner contributions since 2005.

**WOTUS:** The WGA, of which Utah is a member, submitted comments. On June 20, 2017, AG Reyes joined a 20-state coalition in requesting EPA preserve the role of the states in protecting the nation's water sources.

**Lunch Roundtable Discussion at the Utah State Capitol w/ local stakeholders**

RE: WOTUS Travel July 17-20  
DATE: July 18-19, 2017  
LOCATION: Minneapolis, MN

**Note:** Minneapolis, MN is in the Central Standard Time Zone

#### **Notable about MN:**

- The ag industry in Minnesota provides more than 340,000 jobs for Minnesotans. Altogether, the industry contributes \$75 billion to the state's economy annually.<sup>3</sup>
- The headwaters of the Mississippi River are one of Minnesota's most iconic waters. The Mississippi River Headwaters Watershed is a nearly 2,000 square mile area.

#### **Meeting with Principles, Governor Dayton and John Stein (President of ECOS)**

#### **Governor Dayton (R-MN)**

**Background:** Dayton was appointed in 2015, and again in 2017, by the President to serve on the Council of Governors, which is responsible for advising the Secretary of Defense, Secretary of Homeland Security, and the White House Homeland Security Council on matters related to the National Guard and civil support missions. *Governor Dayton signed onto the U.S. Climate Alliance*, a coalition launched after Trump announced that he plans to withdraw the United States from the Paris climate accord.

#### **John Stein, President of ECOS**

**Background:** John is the Commissioner of the Minnesota Pollution Control Agency

#### **WOTUS Comments:**

The MFBF submitted formal comments alongside 13 other MN farm bureaus. Nearly 500 comments were submitted by members in response to calls to action by MFBF and 1,800 signatures from Minnesotans were delivered to EPA opposing the rule.

LOCATION: Indiana- Brownsburg, Evansville, Indianapolis

Indianapolis weather: HIGH 83, LOW 66 w/ scattered t-storms

**11:00 AM Meeting with Governor Eric Holcomb (R-IN) and officials, Indianapolis, IN**

**What:** Meeting in Governor's Office

**Who:** Morning Meeting in the Governor's office

- Governor Holcomb
- Lieutenant Governor Crouch (also Indiana's Secretary of Agriculture)
- Bruno Pigott, Commissioner, Indiana Department of Environmental Management
- Cam Clark, Director, Indiana Department of Natural Resources
- Ted McKinney, Director, Indiana Department of Agriculture
- Jim Atterholt, Chairman, Indiana Utilities Regulatory Commission
- Curtis Hill, Indiana Attorney General

**Background:** You have met Gov. Holcomb on two occasions. He attended the February Midwestern Governors' Association meeting here at HQ and you also spent time with him in April at East Chicago. Although Holcomb did not send WOTUS comments, the Association of Indiana Counties, Inc. commented that they would like to see WOTUS redefined as "relatively permanent waters and wetlands with a continuous surface connection to relatively permanent waters."

**12:00 PM M&J Starkey Farms, Brownsburg, IN**

**What:** 6<sup>th</sup> generation family farm raising corn, soybeans, wheat, and beef, tour and WOTUS Roundtable

**Who:** Mikey and Jeff Starkey, owners and operators

**Background:** M&J sets the gold standard for a successful, "no-till" agricultural operation and soil and water conservation practices. The farm lies within the School Branch Watershed, which includes the third largest tributary feeding Eagle Creek reservoir, the primary source of drinking water for the City of Indianapolis. Because of this, their operation is under extreme scrutiny. By adopting conservation practices such as no-till for cash crops in the off season, cover crop planting, and applying the smallest amount of fertilizer possible, Starkey has increased water

retention and soil health tremendously. These practices aid his operation during drought, prevent flooding, and nitrogen runoff. For 15 years, his 100% no-till and water/soil retention practices, have ensured the runoff entering the watershed is cleaner than ever.

Starkey has received acclaim in the region for his conservation practices and studies of nutrient runoff. He is also a member of the Indiana Association of Soil and Water Conservation Districts and Supervisor on the Hendricks County SWDC.

**Other Attendees:**

- Governor Holcomb
- Lieutenant Governor Crouch (also Indiana's Secretary of Agriculture)
- Mike Starkey, owner, Starkey Farm
- Ron Turco, Purdue University Department of Agronomy
- Justin Schneider, Lead Water Quality Policy Director, Indiana Farm Bureau
- Randy Kron, President, Indiana Farm Bureau
- Jane Stevens, President & CEO, Indiana Soybean and Corn Organizations
- Jordan Seger, Indiana Department of Agriculture
- Jane Hardisty, Indiana State Conservationist, USDA Natural Resources Conservation Science
- Jennifer Boyle Warner, Executive Director, Indiana Soil & Water Conservation Districts
- Bruno Pigott, Commissioner, Indiana Department of Environmental Management
- Ted McKinney, Director, Indiana Department of Agriculture
- Martha Clark Mettler, Indiana Department of Environmental Management
- Julia Wickard, Indiana Department of Environmental Management

**3:00 PM Liberty Mine, Evansville, IN**

**What:** This is a surface and highwall mining operation, which opened in 2012

**Who:** Steve Chancellor Host, White Stallion Energy Alliance

**Background:** White Stallion has more than 550 employees, including 80 full time at Liberty. Preparations for extraction began at Liberty Mine in 2012. In 2015, Alcoa/ Vigo Coal filed for a state permit to add 470 acres to the mining operation. This is because a currently idled Alcoa Aluminum Smelter is restarting 13 miles away, which is welcome news to rate payers as smelting is energy intensive compared to residential utilities.

- Coal Plant Retirements: Two Indiana based utilities, Vectren and NiSource, were the first two utilities to announce major coal plant retirements attributed to ELGs and CCRs.
- Coal Combustion Residuals: WSE and others would like a three-year extension to comply with the new law.
- Alcoa's Warrick Power Plant: There is a SO<sub>2</sub> issue at the power plant.

- CSAPR Update: Indiana is disproportionately impacted by the new rule. WSE filed a reconsideration petition in late 2016.

**Attendees/ Bios:**

Steve Chancellor, Chairman

- Recently acquired four coal companies in the last 16 months
- Producing 6.5 million tons in the Illinois Basin
- Previously founded and owned Black Beauty Coal Company, the largest held privately coal company in the U.S., which he sold to Peabody in 2005.
- Founded several successful ventures in the transportation, insurance, food and plastics industries.

Rashid Hallaway, Partner

- Equity partner in White Stallion and serves as the company's Washington representative.
- Founded HHQ Ventures with former Congressman Ben Quayle (R-AZ), which is a DC based consulting and lobbying firm

Mark Sebree, Senior Vice President

- Best surface miner in America
- More than 30 years of experience with Black Beauty, Peabody and now White Stallion Energy

Alcoa Attendees

- Ed Hemmersbach, VP of Rolled Products
- Brad Marrs, Warrick Power Plant Manager
- Laurie Shelby, VP of Environment
- Sonya Elam, Director of Government Relations

Utility Industry

- Don Gulley, President of Southern Illinois Power Cooperative (SIPC), Chairman of Prairie State who filed re-consideration petition regarding Williamson County non-attainment one hour SO2 ozone

TO: Administrator Pruitt

RE: WOTUS Travel: August  
DATE: August 3-4, 2017  
LOCATION: Broomfield, Gold King Mine, Woodrow, CO

**August 3, 2017**

Denver Weather: HIGH 70, LOW 55 PM t-storms

**11:30 AM Cloud Peak Energy, Inc. Visit, Broomfield, CO**

**What:** Meeting at their Colorado Office

**Who:** Colin Marshall, President and Chief Executive Officer, Bryan Pechersky, Executive Vice President, General Counsel and Corporate Secretary, Richard Reavey, VP Public Affairs

**Background:** This visit is introductory in nature and an opportunity for you to learn about their clean coal technology and the work CPE does across Colorado, Montana, and Wyoming.

**POC:** Rick Curtsinger, Director Public Affairs, 720-256-7781

**2:00 PM Frasier Ranch WOTUS Visit, Woodrow, CO**

**\*Attire:** Jeans, boots, button-down shirt

**What:** 5,000 head cow/calf and stocker operation

**Who:** Owner Mark Frasier, agricultural stakeholders-ranchers, feedlot operators, farmers

**POC:** William Hammerich, CEO Colorado Livestock Association, 970-381-8379

**Background:** Frasier originated at a Kansas wheat farm and employs grass feeding strategy to maintain the health and productivity of the plants. He also works to ensure yearlings are on a constantly improving plane of nutrition by rotating paddocks every few days, thus improving the end product of beef. EPA visited the ranch in 2015 during the WOTUS rollout, promising it wouldn't impact agriculture. This visit is an opportunity for you to revisit the ranch and demonstrate how the work you are doing is providing relief to the agriculture community and rural America.

**Other Attendees:**

Don Brown - Colorado Commissioner of  
Agriculture

Laura Teague - County Commissioner -  
Morgan County

Mark Frasier - Frasier Farms: \*donated to John Salazar (D) in 2006, 2008

Tom McDonald - Feeder

Justin Miller - Feeder

Jon Slutsky - Dairy

Glenn Benjamin - Rancher

Jessica Lemmel - Colorado Livestock Association

Chris Kraft – Dairy

Terry Fankhauser - Colorado Cattlemen's Association

Chad Vorthman - Colorado Farm Bureau

Mark Sponsler -Colorado Corn Growers

Andrew Mertens - Farmer

Joyce Kelly - Colorado Pork Producers

Randy Traxler - Colorado Wheat Growers

Ed Frank -National Cattlemen's Beef Association

### **August 4, 2017**

Silverton Weather: HIGH 66, LOW 50 scattered t-storms

### **11:00 AM-12:40 PM Tour of Gold King Mine**

**What:** 2 legs of the tour: the first is via vehicle up to the top of the mine (45 min roundtrip) followed by a walking tour of wastewater treatment facility (20-30 min).

**Who:** Governor Hickenlooper, Senator Gardner and Senator Bennet and staff

Gold King Planning Committee (6)- they will mingle with EPA Senior staff while the small group of elected does the first part of the tour with their Chairman. They are much happier with the new Administration's actually choosing to address the site.

EPA Regional staff David Ostrander, Rebecca Thomas and Deb Thomas (Acting AA) will be in attendance. David will lead the tour.

**POC:** Dave Ostrander, EPA Region 8, 303-888-9906

**To:** Bennett, Tate[Bennett.Tate@epa.gov]  
**From:** Neill, James  
**Sent:** Wed 8/9/2017 7:54:15 PM  
**Subject:** Tentative Idaho Schedule  
Scott Pruitt Invite.pdf

Hey Tate,

Working on a one pager as we speak with more details, but wanted to give you a rough idea of what we were thinking.

9 AM – Idaho State Ag Director Gould is setting up a site visit at a local farm to discuss WOTUS. She knows all the players in the area. One question I have – would it be ok to invite EPA Idaho Operations Director Jim Wertz? The Idaho staff have a good working relationship with him.

•□□□□□□□ Catered breakfast burritos. Perdue and Zinke are still raving about the burritos.

11 AM – Arrive at Congressman Simpson’s Boise office to surprise Idaho Mining Association with Admin. Pruitt. They will be thrilled to discuss CERCLA with him.

12 AM - Can we do a 30 minute meeting with FMC officials? You probably remember from the original invite that they are remediating the Superfund Site in Power County, Idaho. It is a tough place to get to, so if they could have 30 minutes to discuss their work in Congressman Simpson’s Boise office that would be much appreciated. (see attached doc)

12:30 – Depart for Boise Airport. Send press release outlining WOTUS and CERCLA discussions and efforts to work together to bring regulatory relief/certainty to industry in Idaho.

How does all this sound?

Jamie Neill

Senior Legislative Assistant

Congressman Mike Simpson (ID-02)

2084 Rayburn House Office Building

May 17, 2017

E. Scott Pruitt  
Administrator  
US Environmental Protection Agency  
1200 Pennsylvania Avenue, NW  
Mail Code 1101A  
Washington, DC 20004

Dear Administrator Pruitt,

FMC Corporation and ValleyAgronomics, LLC would like to invite you to visit the FMC Corporation Operable Unit at the Eastern Michaud Flats (EMF) Superfund Site in Power County, Idaho. This visit will provide you with a firsthand opportunity to see how remediation and redevelopment at a Superfund Site can work hand-in-hand for the betterment of the environment and the local community.

As background, from 1949 until 2001, FMC Corporation operated the world's largest elemental phosphorus plant in Power County, Idaho, just outside Pocatello, employing upwards of 650 individuals at full production. The EMF Superfund Site, which includes both the FMC plant site and the operating J.R. Simplot Co. plant site, was listed on the Superfund National Priorities List in 1990. Since the Site's listing, FMC has worked with the U.S. Environmental Protection Agency (EPA), the State of Idaho, and the Shoshone-Bannock Tribes to develop a cleanup plan that is consistent with the goals of the CERCLA Program. FMC is committed to remediating the property in a safe and responsible manner and redeveloping it for the benefit of the community.

As FMC's remediation was beginning, ValleyAgronomics, LLC approached FMC in 2015 seeking to locate Idaho's largest fertilizer distribution facility at the Site. The property has extensive rail serviced by the Union Pacific Railroad and direct access to Interstates 86 and 15, both essential to receiving and distributing product. After extensive negotiations, a unique *air rights lease* was developed to allow Valley to proceed with its construction while FMC remediated the Site. Valley's distribution facility became operational in January 2017 and currently employs approximately 70 individuals. Additional plans for propane distribution and office/warehousing at the Valley facility are in development, and will add additional employment opportunities later this year and into 2018.

Together, FMC and Valley have significant experience at this Site, which you may find helpful in facilitating remediation and revitalization of other Superfund Sites. This Site illustrates what is possible when creative thinking and cooperation are part of a remediation and redevelopment plan.

We will accommodate your schedule; however, late-August or September of 2017 would be an ideal time for a visit. We look forward to hearing from you, and please contact Liz Davis at 202.412.1055 ([Lizanne.davis@fmc.com](mailto:Lizanne.davis@fmc.com)) for details.

Sincerely,

Barry J. Crawford  
Vice President, FMC

Dave Holtom  
CEO, ValleyAgronomics, LLC

## **Administrator Pruitt**

Set arrival time:

Arrival logistics: Arrive at Lyon Street entrance of DeVos place. Map below. Any vehicles can stay on Lyon Street. He will be greeted by President Bednarski and Sara Miller, Event Specialist

DeVos head of security contact: Cheryl Platschorre, Personal Phone/Ex. 6

On-site contact: Sara Miller Personal Phone/Ex. 6 (cell)

Would like him to be in the audience for the President's lunch, starting at 11:30 a.m. if possible

In prior years, the Governor has had the opportunity to 'work' the room with President Bednarski and talk with members. The Governor will not be arriving in time this year, if Administrator Pruitt would like to take on that roll. In the event that the Governor will arrive early, we can arrange time for the two of them to meet with President Bednarski in the remote security office.

Schedule of events:

Presidents lunch: 11:30 a.m. - 1:00 p.m. (Ballroom BCD)

- Availability to 'work' the room with President Bednarski
- Eat lunch with board members and listen to remarks

Move after lunch to Opening Delegate Session: 1:15 p.m. (Ballroom A); will be held back stage

- Call to order
- Flag presentation/National Anthem
- Invocation
- Carl opens session, and rolls WOTUS video
- Carl introduced Administrator Pruitt (scripting below)
- Administrator Pruitt will be called on stage (approximately 1:20- 1:45 p.m. depending on how quickly we can get the session started)
- How long do you anticipate him to speak? Right now, we have scripting for approximately 20 min.
- We will not allow Q/A from the floor
- Immediately following his remarks, we will move back to ballroom BCD for Press availability.

### **Additional questions:**

1. Contact info for on-site team:
2. Do you need any special press clearance?
3. Media style preference? Scrum or mic/Press feed?
4. Any background info on those on stage?
5. Additional security needs?
6. Any special meal requirements?
7. Box lunches for detail with Administrator?

Additional details:

1. Approximately 660 people will be in attendance at President's lunch (ballroom BCD)
2. 421 Delegates will be on the floor, and additional seating in the balcony for 90 people (ballroom A)
3. Business attire
